Chairs Message

Roy Tommy

Dear Members

It is my pleasure to write to you as the Chair on behalf of the Board of Yinhawangka Aboriginal Corporation, the DMC and Yinhawangka Enterprise Limited. My profound thankyou for your support over the last six months in implementing our new Vision for a Prosperous Future for the Yinhawangka Nation.

The new Vision is the brain child of Dr Ali Khan, our Chief Executive Officer which was unanimously approved by the Board in its meeting of April 2018 and subsequently by the DMC and the Council on 31 May 2018.

During this short period, Dr Khan has introduced the new structure of the Corporation and with the support of his team ventured into a new self-sustainable model. This Strategic Direction has witnessed the establishment of the Pilbara Medical Centre, a one stop shop providing all medical and allied health services to the Community in Karratha. We are looking forward to the sub-centres of this super clinic being established in Tom Price and Paraburdoo.

While our Head Office has been moved to a new facility on McRae Street, expressions of interest have been called for developing the concept design for the Culture Heritage Interpretive Centre on Rocklea Road in Paraburdoo.

The Ranger program is in action and a new industrial site Camp Road has been purchased as their permanent home. The Corporation is also developing a housing portfolio and we bought our first house in Paraburdoo, while five others are under negotiation in Paraburdoo and two in Tom Price.

Our Strategic Planning session will be held on 24 & 25 October and subsequent to that a draft plan will be circulated for your input.

I take this opportunity to commend Dr Ali Khan and his team for their initiative a job well done.

I look forward to working with you as your Chairperson

Kind regards

Roy Tommy
Chairperson, Yinhawangka Aboriginal Corporation

NATIVE TITLE DETERMINATION CELEBRATION

We celebrate the first anniversary of the Yinhawangka Native Title Determination on 17 July with the unveiling of a memorial plaque on a rock display at the entrance of Paraburdoo.

We were joined by Mr Vincent Catania MLA, Cr Ivan Dias, Dr Ali Khan YAC CEO, Rio Tinto, available board and community members, staff and interested community members.

Following the unveiling in Paraburdoo, an unveiling of a temporary memorial sign, a permanent monument to be constructed later in the year, took place on the actual determination site on Rocklea station.

Our New Pilbara Medical Centre Karratha Clinic.....

The New Pilbara Medical Centre is soon to be launched, with the opening of the first clinic to be Karratha in early November 2018.

The Karratha clinic will provide the following facilities; General Practitioners, Dental Practitioners, Nurse station, Pathology service, Radiology, MRI, Physiotherapy, Audiology, Hearing aid dispensing, Regional Health training facility, Registrar training facility and Pharmacy.

The Greater Karratha area currently hosts 2 Medical Centres with 11 doctors and 6 Dental Surgeries with a new hospital to open in October 2018. There is currently no local service offering a full Health facility under the one roof to the community within the greater Karratha region.

Currently there is no MRI facility or service being provided in Western Australia north of Geraldton, resulting in the requirements for any patient to travel to either Perth or Geraldton for this service. Operating from the newly fitted out high profile location in Karratha, the Health clinic will provide a 7 day per week offer to the community with a priority service to the aboriginal community members to ensure a safe and rewarding service experience is provided at all times.

The hours of trade will include 8am to 8pm Monday to Friday with a service on Saturday and Sunday from 8am to 1pm, therefore encompassing 7 day a week service model.

RANGERS

Rangers have completed two blocks of TAFE training successfully in Karratha and Tom Price.
